

Seminar Participant's Survey for the 2023 Conference.
Theme: "What Does Discipleship in JESUS CHRIST Look Like?"
Date: November 17, 2023, Version 1.0

This year's conference asks participants to consider what TRUE Discipleship in JESUS CHRIST looks like? Participants are asked to complete this survey during the conference. The purpose of this survey is to encourage individuals to examine what they really know and what they are doing regarding what the LORD really requires in the Holy Scriptures. This sheet is strictly for you; however, you can share information during and after the conference if you so choose.

1. **Have you grown spiritually since you have known the Lord?** Do you know how to grow? Do you know what the Holy Scriptures say about the need to grow in the knowledge of Jesus Christ?

2. **Are you prepared to die alone?** Are you confident in your own knowledge of salvation? Could you read the Holy Scriptures, Pray, and find hope and faith in God and Jesus Christ if you had to be in the hospital or seniors home "ALONE" as many found themselves during the COVID Pandemic?

3. **What did you do as a disciple of Christ when most places of worship were shut down during the COVID Pandemic?** Did it make you question if there was more to serving Jesus? Did it leave you empty? Or did it cause you to see to grow on a personal level while you were isolated? If you did turn to your own personal studies, is this something you plan to do for the rest of your life?
